REGION VIII

999 18th STREET - SUITE 500
DENVER, COLORADO 80202-2466

Ref: 8HWM-SM

DEC 19 1994

Mr. Brad Johnson
Division of Environmental Response and Remediation
168 North 1950 West 1st Floor
Salt Lake City, UT 84116

Dear Brad:

The Remedial Project Managers (RPMs) and Site Assessment Manager (SAM) for the following sites have reviewed the Fourth Quarter Progress Report for 1994 and have approved the comments:

Core Grant
PA/SI
Kennecott
Murray Smelter
Portland Cement Sites 2 & 3
Portland Cement Remedial Design Cooperative Agreement
Richardson Flats
Rose Park
Sandy Smelter
Utah Power & Light/American Barrel

Comments were given on the following sites by the Remedial Project Manager (RPM):

Petrochem/Ekotek (Campbell)

Why are there no costs incurred for August 1994? Are the costs in the September 1994 charges?

Sharon Steel OU1 (Ostrander)

Need to reallocate funding from travel to other categories in negative funding status.

Sharon Steel OU2 (Ostrander)

May need to reallocate budget categories in the future if contractual funding runs low (OU2 RD). RPM further notes that budget remaining from third quarter 1994 report is not the same as the new budget in fourth quarter 1994 report. Unaccounted-for expenditures between UDEQ fiscal years.

Printed on Recycled Paper

Midvale Slag (Strieby)

RPM did not approve this quarterly report as he feels there is insufficient information contained in the report to be able to determine if the expenditures are justified. There are broad, general statement of activities, but the basic question is what did UDEQ spend the dollars on and what results were achieved.

Please respond to the comments made by the RPMs. If you have any site-specific questions, please contact the Remedial Project Manager or Site Assessment Manager for that site. Other questions may be directed to Linda Armer at (303) 293-1264.

Sincerely,

Paul Arell, Acting Chief
Superfund Management Branch

Ms. Martha Nicodemus
U.S. Environmental Protection Agency
Region VIII
999 18th Street, Suite 500
Denver, Colorado 80202-2405

Re: **Fourth Quarter FY'94**

Dear Ms. Nicodemus:

Enclosed are Quarterly Reports for the fourth Quarter of FY'94 for our various Cooperative Agreements.

The computerized State accounting system was changed on July 1, 1994. Many State agencies, including the Division of Environmental Response and Remediation, have encountered some difficulties with the new system. As a result, the budget tables we are providing with this report may not be completely accurate. As the problems with the new accounting system are resolved, we may make adjustments to these tables to ensure that they are accurate. We anticipate that the problems with the accounting system will be resolved in the near future.

Please call Brad Johnson at (801) 536-4100 if you have any questions.

Sincerely,

Kent P. Gray, Director
Division of Environmental Response and Remediation

KPG/MJS/ser

Enclosure(s)

cc: Carol Campbell, U.S. EPA Region VIII (with enclosures)

2. Weston, UDEQ's contractor, drafted the ROD for OU1 and submitted it to EPA and UDEQ for review September 28, 1994.
3. The Public Meeting on EPA's Fact Sheet for OU2 was held on September 28, 1994.
4. Several meetings have taken place between EPA/UDEQ and the city of Midvale to discuss OU2 removal alternatives and future land development in Midvale.

Attachment:

Tables 6 - Budget and 4th Quarter Expense Report for Midvale Slag.

H. Richardson Flat (Remedial)

1. A Utah Congressional Delegate sent a letter to EPA in July 1994, stating that an RI/FS at Richardson Flat should not start until EPA responds to the comments submitted by United Park City Mines on the Proposed Listing Package.
2. EPA Region VIII and UDEQ are discussing the possibility of UDEQ entering into a voluntary agreement with the United Park City Mines regarding the Richardson Flat clean-up. However, United Park City Mines does not appear receptive to this idea.

Attachments:

Tables 7 & 8 - Budget and 4th Quarter Expense Reports for Richardson Flat RI/FS Oversight and RI/FS accounts.

I. American Barrel Site (Enforcement)

1. The following RD documents are currently being reviewed:
 - a. Pre-final/Final (95%) Design Submittal
 - b. Health and Safety Plan
2. A report summarizing the following pre-design RD/RA activities and documents will be generated for agency review:
 - a. Calcareous Fill Design Plan
 - b. Subsurface Fill Design Plan
